

A decorative graphic on the left side of the slide consisting of two overlapping parallelograms. The front one is blue and the back one is a light green. They are positioned diagonally, with the blue one partially covering the green one.

The Clean Team

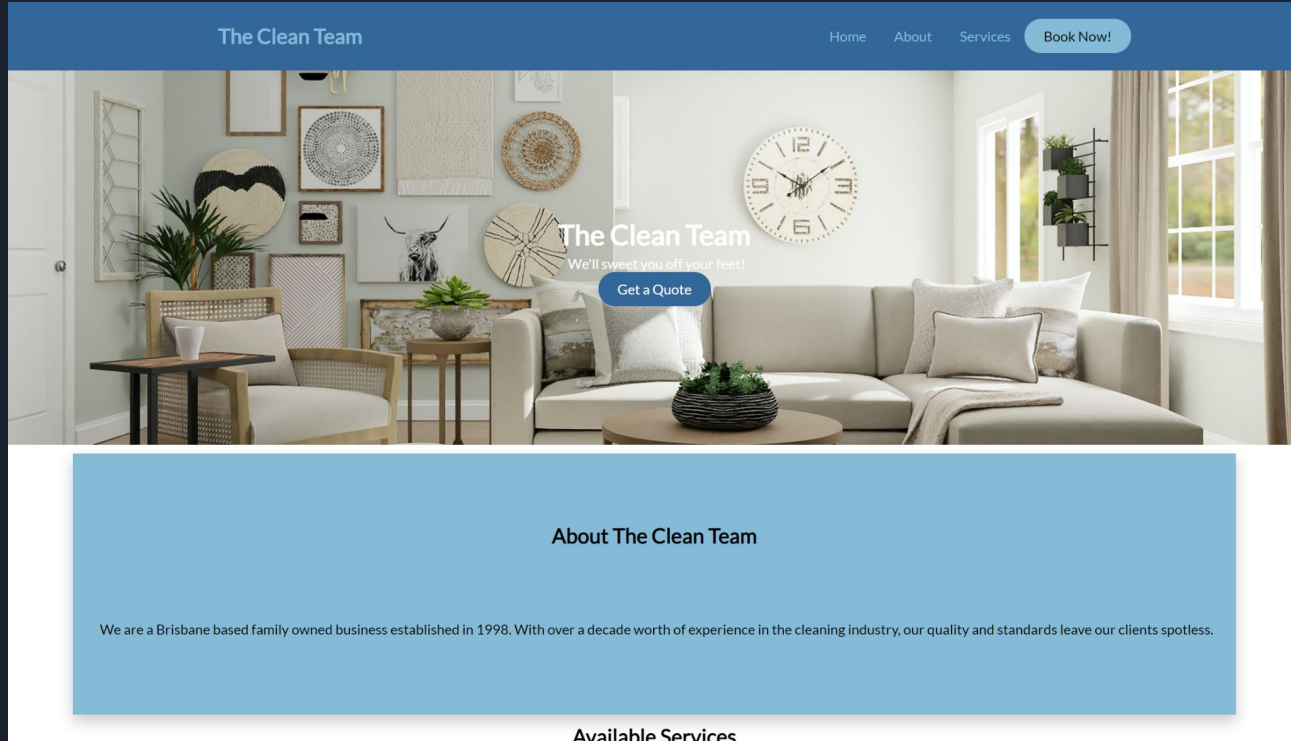

James, Dane & Brayden

The Clean Team App

Our purpose is to build a full-stack application to assist a local cleaning business handle and manage her employees & clients. The application allows The employer to assign and delegate cleaning jobs to their employees via a Employee job page. Employee can view all of their assigned tasks and once they have completed a job, they can assign the job as complete and write any notes required for that job. Clients contact the employer via the contact page. The employer will assign and manage those tasks to a specific employee. The target audience for this application is for a business owner of a cleaning business needing an easier way to manage both their clients and employees.
